Interim directors' report pursuant to Listing Rule 5.75.2

This condensed interim report is published in terms of the Malta Financial Services Authority Listing Rules Chapter 5 and the Prevention of Financial Market Abuse Act, 2005. The interim financial information included in this respect has been extracted from Tigné Mall p.l.c.'s unaudited financial information for the six months ended 30 June 2017 prepared in accordance with IAS 34 'Interim Financial Reporting'. In terms of Listing rule 5.75.5, this interim report has not been audited or reviewed by the company's independent auditors.

Principal activities

The company's principal activity, which is unchanged since last year, is to own and manage 'The Point Shopping Mall'.

Review of the business

During the first six months of the current year, the company continued with its normal trading activities and the shopping mall remained fully let. During this period the mall has registered an increase in footfall which has had a positive effect on the total revenue and has strengthened the financial results of the company. This positive performance is encouraging notwithstanding the on-going restricted access into Sliema and also because of the effect of the general election held in June. The directors anticipate this level of activity to be maintained during the latter half of the year.

During the period under review, the company registered a profit after tax of €1,050,131 (30 June 2016: €810,969). This increase over the corresponding period last year is primarily attributed to an increase in rental revenue and a lower current tax charge for the period, the latter arising from the company electing to tax gross rental income at a final withholding tax of 15%. Savings in finance costs derived from accelerated bank loan repayments also made a positive contribution to profitability.

As at 30 June 2017, the company's current liabilities exceeded its current assets by €110,134 (31 December 2016: current assets exceeded its current liabilities by €96,516). The company continues to manage this shortfall through cash generated from operations as well as an active liquidity management programme, and has been able to continue anticipating its bank repayment commitments.

The Board is declaring an interim net dividend of €726,150 (2016: €705,000). The amount declared is in line with what was prospected in the initial public offering document. This will be paid on the 31 August 2017 to shareholders on the company's register at the Central Securities Depository of the Malta Stock Exchange at close of business on 17 August 2017.

On behalf of the board

Chairman

Notes to the condensed interim financial information

1. General information

Tigné Mall p.l.c. is a public limited liability company with its principal activity being to own and manage 'The Point Shopping Mall'. The company's ordinary shares were admitted to listing on the Malta Stock Exchange on 2 May 2013.

This condensed interim financial information has been extracted from the company's unaudited half yearly financial statements. It has not been subject either to an audit in accordance with the requirements of International Standards on Auditing nor to a review in accordance with the requirements of ISRE 2410 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity'.

2. Basis of preparation

The condensed interim financial information for the six month period ended 30 June 2017 has been prepared in accordance with IAS 34, 'Interim financial reporting'. The interim financial information should be read in conjunction with the annual financial statements for the year ended 31 December 2016, which have been prepared in accordance with IFRSs as adopted by the EU.

Accounting policies

The accounting policies applied are consistent with those of the annual financial statements for the year ended 31 December 2016, as described in those financial statements.

Standards, interpretations and amendments to published standards effective in 2016

In 2016, the company adopted new standards, amendments and interpretations to existing standards that are mandatory for the company's accounting period beginning on 1 January 2016. The adoption of these revisions to the requirements of IFRSs as adopted by the EU did not result in changes to the company's accounting policies.

Standards, interpretations and amendments to published standards that are not yet adopted

Certain new standards, amendments and interpretations to existing standards have been published by the date of authorisation for issue of these financial statements but are mandatory for the company's accounting periods beginning after 1 January 2016, including IFRS 9, 'Financial instruments' and IFRS 15, 'Revenue from contracts with customers'.

The company has not early adopted these revisions to the requirements of IFRSs as adopted by the EU, and the company's Directors are of the opinion that there are no requirements that will have a possible significant impact on the company's financial statements in the period of initial application.

3. Earnings per share

	Six months ended 30 June	
	2017	2016
Net profit attributable to equity holders of the company	€1,050,131	€810,969
Number of ordinary shares in issue	56,400,000	56,400,000
Earnings per share	€0.019	€0.014

4. Fair values of financial instruments

At 30 June 2017 and 31 December 2016 the carrying amount of certain financial instruments, comprising cash at bank, receivables, payables, accrued expenses and short-term borrowings, is equivalent to their fair values in view of the nature of the instruments or their short-term maturity. The fair value of the non-current financial liabilities, comprising borrowings, for disclosure purposes is estimated by discounting the future contractual cash flows at the current market interest rate that is available to the company for similar financial instruments. The estimated fair value of the company's bank borrowings as at the end of the reporting period is not materially different from the carrying amounts. The current market interest rates utilised for discounting purposes, which were almost equivalent to the respective instruments' contractual interest rates, are deemed observable and accordingly these fair value estimates have been categorised as Level 2.

5. Related party transactions

MSV Life plc, HSBC Life Assurance Ltd and Bank of Valletta p.l.c., by virtue of the extent of their shareholding in the company, are considered to be related parties. All companies owned or controlled by these entities, together with all companies forming part of the same groups of companies of which these shareholders form part, are also deemed to be related parties. Tigné Mall p.l.c.'s Directors, close members of their families and all entities owned or controlled by these individuals, are considered to be related parties of Tigné Mall p.l.c.
